presentations and awards

2022 VENUE - The Brisbane Golf Club

Spend a day soaking up the glorious winter sunshine as you tee off across the luscious greens of one of Australia's top 100 golf courses.

As a premier private club, access to the **heritage-listed clubhouse** and the only Champion greens in Australia is usually reserved for members, so we are excited to provide our sponsors with this exclusive golfing experience rarely available to the general public!

The Brisbane Golf Club
70 Tennyson Memorial Ave, Yeerongpilly QLD 4105

Our Charity Golf Day will be raising vital funds for two of
YMCA Brisbane's *most beloved and life-changing programs.*

YMCA SCHOOLS' BREAKFAST PROGRAM

Breakfast is the most important meal of the day, yet a significant number of children across South East Queensland go to school hungry, without having had a substantial meal or any food before leaving home.

The YMCA Schools' Breakfast Program aims to tackle this issue by serving up free, nutritious breakfasts to approximately 10,000 children across 132 schools every week, with numbers growing each year.

Our Schools' Breakfast Program gives students the chance to attend school with full tummy, leading to increased focus and energy to participate in the classroom. The program also offers a valuable opportunity for children to learn about good nutrition and develop healthy eating habits.

Your generous sponsorship will fund thousands of breakfasts and help disadvantaged children to improve their academic, social and behavioural outcomes, and positively impact their long-term health and wellbeing.

YMCA CANCER SURVIVORS PROGRAM

With approximately 30,000 Queenslanders diagnosed with cancer each year, most — if not all — of us know someone who has been affected by the disease.

While cancer and its treatment is a physically and emotionally gruelling experience, inspiring research continues to show how exercise can assist patients to heal on their journey. Exercise can be beneficial both during and post-treatment by helping to manage adverse side effects, accelerate recovery, rebuild muscle and bone strength, and improve mood and self-esteem.

YMCA Brisbane aims to support individuals living with, through and beyond cancer by offering our free Cancer Survivor Program several times a year.

The 12-week program includes regular, small group fitness sessions and individually-tailored exercises by YMCA instructors who are trained in supportive cancer care. The program also provides a unique opportunity for survivors to connect, share and bond with others going through a similar experience, and many lifelong friendships are forged during the experience.

By sponsoring our Charity Golf Day, you will be helping to empower cancer survivors to reclaim their health and wellbeing in a safe, supportive environment.
